Renewal Requirements

A 60-day administrative extension period is allowed. During this time your certification will be considered **expired**. If the Maintenance Form is received within the administrative extension period, and the renewal requirements have been met, your certification will be renewed from the date of its expiration. An additional late fee of \$50 will be assessed if the Maintenance is submitted after the expiration day and between the administrative extension period.

For example,

1. Certification issued, June 1, 2016
2. Certification expires, December 1, 2016
3. Administrative extension period, December 1, 2016 to February 1, 2017, a \$50 late fee will be charged.
4. After February 1, 2016, welder must re-test, to regain certification.

Important Certification Information

Certifications in accordance with Supplement C or D9.1 for the Sheet Metal Welding Code require maintenance every 12 months. Certifications in accordance with D1.1 and most other codes require maintenance every 6 months. Check the requirements of the standard that governs your certification to assure that maintenance is received by AWS at the proper intervals. **Failure to include information on this application may result in processing delays or in the expiration of your certification. Falsification/forgery of any information contained in this form may result in loss of certification with AWS.**

Submit your maintenance form one of the following ways:

1. **Check or Money Order:** Mail the form(s), along with payment to AWS, 8669 NW 36th Street # 130, Miami, Florida 33166-6672

Note: It is recommended that you mail the form with tracking for proof of submission.

2. **Credit Card:** E-mail the form(s), along with credit card information to cw@aws.org, OR fax form to 1-305-443-6445.
